T1V Partners with DataVisual Marketing Inc. to Bring Visual Collaboration Software Solutions to Canada

T1V has partnered with DataVisual™ as the distributor for the company's collaboration and active learning software solutions in Canada. The announcement comes as T1V expands its market presence in North America, with increasing demand for hybrid collaboration in global enterprise and higher education markets.

T1V has partnered with [DataVisual](#), Canada's leading value added distributor of audio visual and technology solutions, to expand its presence in the Canadian market for visual collaboration solutions. Based in the U.S., T1V is a visual collaboration company specializing in hybrid collaboration software for enterprise and education markets. T1V's mission is to empower teams to collaborate anytime, anywhere - and is a driving force in its status as a leading innovator in visual collaboration software, with seven issued patents for hybrid collaboration and active learning technology.

T1V's collaboration solutions span a full spectrum of organizational needs, from [ThinkHub](#) for full-featured, global collaboration to [T1V Hub](#) for wireless screen sharing. The [T1V app](#) is a mobile companion application that provides a seamless, intuitive user experience for in-room and remote participants - serving as a single entry point to connect and collaborate across T1V's full range of software solutions. Together, T1V's collaboration line supports total scalability across the enterprise.

"DataVisual is excited to add T1V's innovation in video collaboration to our comprehensive lineup of solutions," says Lisa Kislich-Lemyre, DataVisual CEO. She continues, "T1V's solution is true collaboration enabling all participants to contribute on the same project simultaneously from anywhere. Going beyond video conferencing, T1V's solution makes return to work and hybrid collaboration a reality, scalable to any size business."

"T1V is thrilled to partner with DataVisual to expand our presence in Canada," says T1V EVP of Sales and Marketing Adam Loritsch. Loritsch adds, "The DataVisual team brings their knowledge of the Canadian market, paired with their expertise in collaboration solutions for the enterprise organization. As companies are faced with the challenges of returning to work in the post-pandemic world, DataVisual's industry experience and service are invaluable in helping end users transition to the new hybrid work model."

About T1V

T1V is a visual collaboration company specializing in hybrid collaboration software for enterprise and education markets. The company's collaboration platform includes ThinkHub® collaboration for global workspaces and the T1V app - working cohesively to bring teams together for seamless, intuitive working sessions.

T1V's suite of collaboration software transforms the way people meet - making meetings a place where teams can collaborate anytime, anywhere.

T1V ThinkHub Education™ technology is designed to support active learning across a variety of teaching and learning styles, from traditional lecture to team-based teaching and learning. The solution also connects satellite classrooms, campuses, and remote participants to improve access for students and teachers.

T1V Story™ enables brands to visually tell their story in an engaging, interactive format. Story couples the visual power of mixed media with the brand's unique look and feel to create a totally branded, one-of-a-kind experience.

All T1V solutions are Built for BYOD™ (bring your own device) to support the many devices, programs, and platforms of today's hybrid meeting and learning environments. T1V is a leading innovator in large-scale, interactive software technology, with seven issued patents in visual collaboration software.

About DataVisual

DataVisual Marketing is an industry leader in Audio Visual distribution in Canada, providing clients with best in class AV and technology products and solutions.

DataVisual stands apart from traditional distributors, supporting our distribution functions with a National sales team who have experience as both integrators and product experts, a business development team that works directly with end users, an inside sales support team, in-depth technical and product expertise, as well as demonstration equipment, product specification assistance, and vendor training. Leveraging our industry experience, service and expertise allows our channel partners, both resellers and consultants, to provide the best AV and technology solutions and support for our brands.
