Think Hub EDUCATION™ Student Station

For use with single 4K display

Welcome to the Hub - a low-cost, high-performance wireless screen sharing device that enables users to share content from device screens onto a single display for seamless group meetings. The Hub supports up to four wireless devices at a time, including Android, iOS, Linux, macOS, and Windows devices. Interact from any device, anywhere, via laptops, tablets, and smartphones with the T1V app - a free download available to all Hub users. Individuals are able to view the same content while also collaborating wirelessly and in real-time. The Hub is compatible with all non-touch displays.
