

## ➤ VIRTUALLY SHOWCASE YOUR PRODUCTS AND SERVICES

ThinkHub is a powerful presentation tool that enables the presenter to showcase a combination of content unlike any other.

## ➤ PRESENT TO ANYONE, ANYWHERE

Reach your hybrid audiences - engage and connect with blended groups of in-room and / or remote participants.

## ➤ CONNECT WITH PROSPECTIVE BUYERS, PARTNERS, AND CUSTOMERS

ThinkHub facilitates collaborative, consultative selling - your audience can interact with your content and be part of a two-way conversation.

## COLLABORATE WITH ALL TYPES OF CONTENT

- File-Based Content
- Web-Based Content
- Live Video
- IP Cameras on Factory Floor Rooms
- Interactive Canvas
- And more...

## CORE USE CASES

- Large Equipment Sales
- Architectural + Design Reviews / Sales
- Enterprise / SaaS Sales
- Corporate Training
- Furniture + Manufacturing Sales
- Human Resources

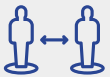

## AFTER THE SALE: VIRTUAL TRAININGS FOR ONBOARDING AND CONTINUING EDUCATION

Host, broadcast, and record your education and training sessions right from ThinkHub. Share and switch between an array of content, and connect and contribute content in live workshops via the T1V app.
