## T1V Recognized as a Best Place To Work

***For the third consecutive year, T1V has been named one of Charlotte's Best Places To Work by the Charlotte Business Journal.***

T1V is proud to announce the company has been named to the [2021 Best Places To Work list by the Charlotte Business Journal](#). This is the third year in a row that T1V has claimed a spot on the coveted list.

The annual awards program run by CBJ ranks companies depending on their employee scores through surveys conducted by Quantum Workplace and recognizes employers in several different sized categories. Organizations are chosen due to their policies and practices in the workplace, and are earmarked as some of the best in the Charlotte metro area.

At T1V, hybrid work is celebrated - so whether you are working from home or in the office, you have the same access and opportunity to collaborate alongside your colleagues.

T1V CEO Mike Feldman states, "our mission at T1V is to empower teams to collaborate anytime, anywhere." He continues, "we live and breathe our mission through our employees - they should feel as capable working from home as they do working in the office."

T1V has been deliberate in investing in its physical working environment: every room in the T1V HQ supports hybrid interactions, so everyone can operate on an equal playing ground. This tech-forward work culture also means that employees can have flexible schedules. Parents can tend to their kids' school schedules and sick days. Or employees can put their health first and work from home as needed, in a way that makes them comfortable but also supports their productivity.

T1V has also found ways to bring the company together despite the varying constraints of Covid-19. Each quarter, [CEO Mike Feldman hosts a T1V Town Hall](#) to share sales, operational, and product updates with the entire company. The T1V team has also dedicated time to keeping team culture alive with events like the [Hybrid Olympics, a series of games and trivia to celebrate the Olympics Games Opening Ceremony](#). Or its [Mother's Day Canvas](#), where employees were invited to share pictures / notes about the moms in their lives to a [ThinkHub virtual Canvas](#) as a shared digital art piece.
